

5 KINDS OF STUDENTS WHO *thrive* IN Christian SCHOOLS

COMPILED BY FACULTY
AT LEXINGTON CHRISTIAN ACADEMY

leaders in Christian Education since 1946
Lexington, Massachusetts

1 THE CURIOUS ONES WHO ASK TOUGH QUESTIONS

Is your student...

asking meaningful questions, and being met with inadequate answers?

in need of a champion in the classroom - someone to direct their curiosity towards constructive, challenging work?

seeking a deeper meaning or a common thread throughout their studies?

we know

Christian educators love curious kids. Great Christian schools build a curriculum that welcomes tough questions, and meets them with a faithful and confident worldview grounded in what holds it all together - faith. Christian educators teach with a confidence in why and how their subject matters and provide students with a uniquely whole education that prepares students for lifelong learning.

2 THE EXTREMELY WELL-ROUNDED ONES

Does your student...

feel limited to one area of school life because of social pressure or school culture?

want badly to make a positive impact on the world, but is afraid of being seen as "weird"?

struggle to fit in with any single group of friends?

we believe

There are no one-dimensional students, and the best Christian schools maintain a program specifically aimed at developing well-rounded, whole, multi-dimensional people, because that is how God has made them. Graduates of a Christian school enter the next season in their life able and encouraged to contend with the intersection of intellectual, spiritual, creative, and physical excellence.

3 THE ONES WITH UNLOCKED POTENTIAL

Is your student...

able to do more than what is being asked of them?

having a hard time coming out of their shell at school?

bored or uninspired by school?

we believe

Christian education seeks to draw the unique strengths of each and every student to the surface. Because Christian educators are committed to honoring God's creativity in the ways that He has purposefully designed us, they understand that no two students are the same and enjoy the challenge of figuring out what makes each of them "tick". This provides fertile ground for innovative, differentiated, and holistic learning environments.

4 THE INCREDIBLE KIDS WHO FEEL INVISIBLE

Does your student...

describe themselves as "average" even though you know they are exceptional?

wish someone would encourage them to try something new or unexpected?

ever wonder if their teachers really "know" them?

we believe

Being known is central to the philosophy behind a great education. At the best Christian schools, teachers aren't willing to let any student fall through the cracks because each and every one has been wonderfully and purposefully made by a great and loving God. An excellent Christian School culture welcomes and celebrates diversity among its students and their gifts.

5 THE STUDENTS WHO ARE BORN TO LEAD

Is your student...

in need of a place where they have mentors encouraging their leadership?

going to thrive in a place where their "CEO" type personality is valued and cultivated?

ready for a school culture that prioritizes values over trends?

we believe

Leadership is an essential skill for the next generation. The best Christian schools celebrate the leadership potential in every student, and prioritize the mentorship and intentional support of students as they discover how they best lead and encourage others well - humbly, genuinely, and generously.

Christian education has a lot to offer, which is why we think it's a great option for every student - whether you are a church-going family or not. We'd love to partner with you as you find the best fit for your family.

contact us

Lexington Christian Academy has been a leader in Christian education for nearly 75 years. We've done the research, and we believe deeply in what we do. Contact us any time and let us know how we can help.
